Go forward into the unknown with the joy of what you do.
Love your fate — celebrate — that fear no longer shackles you.
Follow your intuition, allow your heart to be your guide
One step at a time on a mountain you climb, before long you will find your stride, so

CHORUS:

Wake up! And see the beauty, swing the children,
Chase the butterflies, cross the stream a time or two.
Reach out! And seize the moment,
Feel the gentle ease of the wind in the trees, that heaven, heaven waits for you.

You give the world your most precious gift when you do the things you love.
Great success brings great distress when money's all you're thinking of.
Make choices that give you peace of mind — miracles will flow.
The talents you birth bless the earth. Only you can make them grow, so

CHORUS:

Wake up! And see the beauty, swing the children,
Chase the butterflies, cross the stream a time or two.
Reach out! And seize the moment,
Feel the gentle ease of the wind in the trees, that heaven, heaven waits for you.

Let go of the need to struggle with life to make a dream come true.
There's a knock at the door you can't ignore — your joy is waiting there for you.
Imagine you have the strength to remove the obstacles you see.
Step out on faith you'll create the power to change destiny ...

When you feel that you have reached an end,
There's more courage there than you can comprehend.
Draw out your inner strength from deep inside and
watch the roadblocks tumble like a landslide.

CHORUS:

Wake up! And see the beauty, swing the children,
Chase the butterflies, cross the stream a time or two.
Reach out! And seize the moment,
Feel the gentle ease of the wind in the trees, that heaven, heaven waits --

Wake up! And touch a sunrise ...
Catch the glory, find the treasure, ride a wave to carry you through.
Reach out! And hug somebody ...
Take the hand of a friend when you see it extend,
There are angels all around! Heaven waits for you.
