CHORUS:

Woman to Woman,
Soul to Soul
Light to Light,
Hope to Hope

We travel together, consumed in love
In a world we're creating with strength from above.
We reach for our future hand in Hand,
And we're reaping the fruit of the promised land.

CHORUS:

Woman to Woman,
Soul to Soul
Light to Light,
Hope to Hope

There are no rules or reasons on this journey we make,
But we have a vision of a world without heartache.
The faith and the power of all we esteem
Bring sweet understanding to mold our dream.

CHORUS:

Woman to Woman,
Soul to Soul
Light to Light,
Hope to Hope

We'll stand for each other side to Side;
We've laid our hearts open, left nothing to hide.
So come take my hand now; this is our home,
This day and this season, this life that we own.

CHORUS:

Woman to Woman,
Soul to Soul
Light to Light,
Hope to Hope
Light to Light,
Hope to Hope
